

FIG. 1 is a schematic diagram of a device 100 in a first state. The device 100 includes a housing 120 and a component 145. The component 145 is connected to a series of contacts 125, 130, 135, and 140. The component 145 is also connected to a terminal 150. The device 100 is shown in a first state where the component 145 is in contact with the contacts 125, 130, 135, and 140.
